#### HOSTETTER'S STOMACH BITTERS.

rous of the above articles. Lonenster, February 9, 1863-411f

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence t physicians and citizens generally of the Paired States, because the article has attained a reputation heretofore unknown. A few facts apon this point will speak more powerfully that volumes of bare assertion or blazaning puffery.
The consumption of lipsetter's Stomach Lit-ters for the last year amounted to over a buff-million bottles, and from its manifest steady. increase in times past, it is evident that durin the coming year the cap-umption will reach near one million bettles. This immense amount could never have been sold but for the rare medicinal properties contained in the prepara-tion, and the sanction of the most prominent physicians in those sections of the country shere the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its

efficary in all cases of stomachic derangements and the diseases resulting therefrom. This is not a temporary popularity, obtained ev extraordinary efforts in the why of trun peting the qualities of the Disters, but a solid estimation of an invaluable melliche, which is destined to be as enduring as time itself.

Hestetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other billions complaints have counted their sictims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all marbid matter from the stomach, purifies -the blood, and imparts renewed vitality to the nervous system. giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Ditters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evi-dence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering transstomach de-rangements and general debility; acting under the advice of physicians, they have abauloned all deleterious drugs and fairly tested the precits of this article. A few words to the gentler sex. There are pertain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and could is so ansortingly lender, that this mother, especially if she be young, is upt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then is a reconstitution for a simulation and child is so absorbingly tender, that the then, is a necessity for a stimulant to recupe-rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the Bitters to all other invigorathat receive the endorsement of physicians, because it is agreeable to the taste as

well as certain to give a permanent increase of hollily strength.
All those persons, to whom we have particularly referred above, to wit; sufferers from fever and ague, caused by malaria, diarrheea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stamach, superannumed invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hoztetter's Celebrated Stomach Bitters a trial. CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostervan's CELEBRATER STONACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap cosering the cork, and observe that our autograph signature is on the
